

McDonough County TB San Board meeting

June 4, 2026

The McDonough County TB San Board meeting was held in the board room on Thursday, June 4, 2026. The meeting was called to order at 5:22 pm by Nicole Driver, President.

Members Present: Sue Adams, Jane Myers, Jennifer Plate, and Nicole Driver.

Members Absent: Chris Adams

Public Comment: No comment was made.

Sue Adams moved to approve the minutes. Jane Myers seconded the motion, and the motion carried.

Claims:

March 2026, \$755.44

April 2026, \$5796.08. This included \$5670 for a 5-year contract to have the portacount calibrated, with return shipping covered.

Approval of claims from March 1, 2026, to April 30, 2026, was made. Sue Adams motioned to approve, seconded by Jane Myers. Motion carried with 4 ayes, 0 nays, and 1 absent.

Treasurer's Report:

Treasurer Jane Myers reported that there was \$7.50 in interest in March. The account was changed to a money market, and interest for April was \$385.21 and for May was \$373.21, bringing the total to \$171,183.93. That amount includes payment of the last quarter's claims.

Old Business:

Discussion of the need for another San Board member. Driver plans to reach out to providers at Beu. Board members felt it would be best to have a member from WIU represent that population, given how international students are treated there.

New Business:

Discussion of MOU vs contract. The members felt there should be a contract with a medical facility for x-ray pricing for those uninsured and underinsured. As well as an updated contract between the San Board and the McDonough County Health Department. The idea was to speak with the administrator, Chris Adams, and reach out to MDH to see if we could negotiate an agreement. Nicole explained that medication could be covered under the 340B program. Plate stated she would work on an updated contract between the Board and the Department for the September meeting.

The redcap survey has not yet been initiated to reach out to LTCF about monthly TB screenings. Several do turn them in on their own, but some LTCFs are still not regularly compliant.

New Business:

Nicole discussed the purpose of the portacount, the need for annual calibration, and the newest contract. The contract is through TSI, which is the company that manufactured the machine.

The next meeting is scheduled for September 3, 2026, at 5:15 pm.

Jennifer Plate moved to adjourn the meeting, and Nicole Driver seconded the motion. Meeting adjourned at 5:51 pm.
